## Press Release

### **Crandall and Katt Awards Scholarship to Glenvar High School Graduate Kelsey Hager**

Crandall and Katt, Attorneys at Law are extremely proud to announce that they have awarded their 2018 Crandall & Katt scholarship to Salem native and Glenvar High School graduate, Kelsey Hager.

Kelsey's 300 word essay of *"What Would Really Make Drivers Stop Texting While Driving?"* impressed the judging committee with her insight and originality in submitting her recommendation. Her suggestion was to require all future car makers to install a "cell phone disruption" signal that would interfere with texting while the car was in motion.

Kelsey is planning to attend Virginia Tech and will pursue a Mechanical Engineering degree and then to continue with a graduate degree at Virginia Tech as well at the college of Engineering.

The awarding of the scholarship is a part of the philosophy of Crandall and Katt's "We Care" initiative and their continuing dedication to help both their clients and those within the communities they serve.

Crandall and Katt understand the importance of an advanced education and just how difficult it can be to finance college. Their goal is to provide students with assistance in furthering their education and taking some of the financial burden off of local hard-working students.

Crandall and Katt would like to wish Kelsey the very best of luck as well as all of those who submitted their application and essay for consideration.

*Crandall and Katt, Attorneys at Law provides caring and professional representation in personal injury cases throughout Southwest Virginia and across the state. Since 1979, they have protected the rights of clients and have helped their clients to be able to get their lives back on track following devastating injuries.*
